One Shot (feat. ??? ????????)

Par ???

Album : ?? ??

Just one shot

Is all you got to make or break into your fame.

Just one shot

They will lift you up and take you down the same.

Only got one shot.

Will you give it all you've got?

Let it take you to the top.

Or will you bleed it out in vain?

Only got one shot.

Tell your heart to never stop.

Lock your eyes only on the spot.

If there is no pain there will be no gain.

O Father please, I ask for Your mercy.

They judge me way before they even know me.

O Father please, do you hear me screaming?

These lights won't stop chasing after me.

I will not fall. I will not crawl. I will keep on standing tall,

'Til I'm strong enough to break this wall.

Oh I won't drown don't tie me down.

Won't you just set me free?

It takes one shot to strip it away from me.

And O my Lord, I can't believe what I saw.

You got one shot

Just to make or break your fame.

Just one shot

They will lift you up, take you down the same.

Only got one shot.

Will you give it all you've got?

Let it take you to the top.

Or will you bleed it out in vain?

Only got one shot.

Tell your heart to never stop.

Lock your eyes only on the spot.

If there is no pain there will be no gain.

Our Father, who art in heaven.

Hallowed be Thy name.

In Thy name I pray to You, oh forever it remains.

I know You haven't left me, but I'm feeling so alone.

When the darkness comes, I shall never have to wait on my own.

I feel so lost, my mind is going out of control.

Vengeance is Mine, I will repay, says the Lord.

I'm persecuted but not forsaken, struck down to the floor,

But not destroyed 'cause it's not like this hasn't happened before.

I see these lights, and You've warned me to be on the alert.

My heart is tired from soaking it up like rain in the dirt.

Oh just one shot.

Oh yeah (That's all you've got to make or break into your fame.)

Yeah one shot.

They will lift you up, take you down the same.

Only got one shot.

Will you give it all you've got?

Let it take you to the top.

Or will you bleed it out in vain?

Only got one shot.

Tell your heart to never stop.

Lock your eyes only on the spot.

If there is no pain there will be no gain.
