So I Need You

Par 3 Doors Down

Album : Better Life

If you could step into my head

Tell me, would you still know me?

If you woke up in my bed

Tell me, would you hold me

Or would you simply let it lie

Leaving me to wonder why?

I can't get you out of this head

I call mine and I will say

Oh no, I can't let you go

My little girl

Because you're holding up my world

So I need you

Your imitation of my walk

And the perfect way you talk

It's just a couple of the million things

That I love about you

So I need you

So I need you

So I need you

So I need you

And if I jumped off the Brooklyn Bridge
Tell me, would you still follow me?
And if I made you mad today
Tell me, would you love me tomorrow? Please?
Or would you say that you don't care
And then leave me standing here
Like the fool who is drowning in despair
And screaming?

Oh no, I can't let you go

My little girl

Because you're holding up my world

So I need you

Your imitation of my walk

And the perfect way you talk

It's just a couple of the million things

That I love about you

So I need you

So I need you

So I need you

So I need you

I'm on my own

I'm on my own

I'm on my own

Oh, oh, can't let you go

My little girl

Because you're holding up my world

So I need you

Your imitation of my walk

And the perfect way you talk

It's just a couple of the million things

That I love about you

So I need you

So I need you

So I need you

So I need you

Baby, yeah
