You Should've Killed Me When Y

Par A Day To Remember

Album : For Those Who Have Heart

So, I say goodbye to a town that has ears and eyes

I can hear you whispering as I walk by (as I walk by)

Familiar faces smiling back at me

And I knew this would make them change (make them change)

The only thing that's going to bother me

Is that you'll all call yourselves my friends

Why can't you look me in the eyes one last time?

The writing's on the wall, you've read that I'll be gone

But if you call my name, just know that I'll come running

For one more night to spare with you

This is where I'm meant to be, please, don't leave me

I've read these stories a thousand times and now I'll rewrite them all

You're meddling in an anger you can't control

She means the world to me, so hold your serpent tongue

Is a whore's lies worth dying for? Trust me, I'm done

The only thing that's going to bother me

Is that you'll all call yourselves my friends

Why can't you look me in the eyes one last time?

The writing's on the wall, you've read that I'll be gone

But if you call my name, just know that I'll come running

For one more night to spare with you

This is where I'm meant to be, please, don't leave me

I walked into your house this morning

I brought the gun from our end table

Your blood was strewn across the walls

They'll find you on your bathroom floor

I walked into your house this morning

I brought the gun from our end table

Your blood was strewn across the walls

They'll find you on your bathroom floor when I'm done

But should I write it all off?

But should I write it all off?

(You should have killed me when you had the chance)

But should I write it all off?

(You should have killed me when you had the chance)

But should I?

You should have killed me when you had the chance

You should have killed me when you had the chance
