# Outlaw in the Wild West (Power Version)

Par A Hero for the World

*Album : Supernova Prophecy (Ultimate Power)*

### Like an Outlaw in the Wild West

Livin' Free never care 'bout the rest

Oh, I will ride the speed of light

### Through the desert and the night

### Like an Outlaw in the Wild Wild West

So long ago

There was silver in town

Yet every man searched for his gold

Eldorado, dreams of fortune and glory

Now the shadows fly all over the valley

### Reno beware, there's a stranger in town

### Evil or Good, no one knows

**Tried and Sentenced for heresy**

**Wanted Dead or Alive**

**Yet many had died**

**Like an Outlaw in the Wild West**

**Livin' Free Never Care 'bout the rest**

**I will ride the speed of light**

**Through the desert and the night**

**Like an Outlaw in the Wild Wild West**

Ohh

Ohh

Ohh

Ohh

**Like an Outlaw in the Wild Wild West**

Yeah!

**Reno beware, there's a stranger in town**

**Evil or Good, no one knows**

**Tried and Sentenced for heresy**

**Wanted Dead or Alive**

**Yet many had died**

**Like an Outlaw in the Wild West**

**Livin' Free Never Care 'bout the rest**

**I will ride the speed of light**

**Through the desert and the night**

**Like an Outlaw in the Wild Wild West**

**Like an Outlaw in the Wild West**

**Livin' Free Never Care 'bout the rest**

**I will ride the speed of light**

**Through the desert and the night**

**Like an Outlaw in the Wild Wild West**

Ohh
