Beat Of The Drum

Par Activate

Album : ?????????????? ??? - The Best 90's

To the beat, to the beat, to the beat of the drum

Push it up to the maximum

To the beat, to the beat, to the beat of the drum

Push it up to the maximum

I need the beat of the drum, the music makes me free

I need the beat of the drum, enjoy the time with me

I need the beat of the drum, the music makes me free

Oh baby give it a try, enjoy the time with me

Enjoy the time with me,

enjoy the time with me

Go with the beat, the beat of the drum

The beat move your feat, the beat goes on

Calculation, life, celebration

Party people all over the nation

You're lookin' for the perfect beat

The godfather speed up your feet.

I'm the preacher, I'm a teacher,

How to cool down if you feel down.

Sooner or later I'm your activator,

Beats get faster, don't move later.

Say no go, it's your show,

Jack your body let the breakbeat go!

To the beat, to the beat, to the beat of the drum

Push it up to the maximum

I need the beat of the drum, the music makes me free

I need the beat of the drum, enjoy the time with me

I need the beat of the drum, the music makes me free

Oh baby give it a try, enjoy the time with me

Enjoy the time with me,

enjoy the time with me

Boom blow the house down,

Loop the breakbeat of a tribal sound.

Bomb the bass, let the beat run,

I'm the master of the rollin' drum.

Save the vinyl the 12 inch,

Cut the bootleg of the rhyme twins.

Movin' groovin' shakin' breakin'

Got to get funky no mistakin'

Romancin' trancin'

Chack up the frequence dancin'

Say no go it's your show,

Jack your body let the breakbeat go

To the beat, to the beat, to the beat of the drum

Push it up to the maximum

I need the beat of the drum, the music makes me free

I need the beat of the drum, enjoy the time with me

I need the beat of the drum, the music makes me free

Oh baby give it a try, enjoy the time with me

Enjoy the time with me,

enjoy the time with me
