Miss Murphy's such a pain, man

We just had a test a week ago

Now we gotta take another one tomorrow?

This sucks!

And it counts for eighty percent of our grade

Well, we better study our butts off

Well, we came to the right place, the ever so quiet library

Okay, enough talking, let's study

Right

Uh oh

Oh no, Fatty McGee is coming

We'll never get any studying done with him in the library

Oh god, he's taking the stairs

That means he's gonna be way out of breath

Oh no, he's gonna sit with us

Hey fellas!

Studying for the big test?

Uh yes, Fatty, we were

Great, I'll join ya!

Hey Fatty, why don't you go to the bathroom

So you catch your breath?

No, no, I'm catching it!

Okay, okay Fatty, but try to keep the wheezing level down

We gotta concentrate

Sure, no problem!

Aw, man

This test accounts for eighty percent of our grade, you know

Yes, Fatty, we know, you said that

Fatty, please keep it down!

Is he sleeping?

No, it's his deviated septum

Seriously Fatty, keep the breathing down

Aw geez, Fatty, come on, what's wrong with you?

I'm trying

Fatty, you know what's gonna happen

Stop breathing so heavy, please

We gotta study!

Oh no, that one's gonna do it

Fatty, the fire department thinks the fire alarm went off again

I'm sorry!

Fire, clear the building!

Sorry, Fireman Ray, it's not the fire alarm

Fatty McGee, is that you again?

Yes, sorry!

Didn't we tell you not to take the stairs anymore?

But I like the stairs!

Why?

They're fun!

Oh Fatty McGee, you're the fattest!
