Par Adelphi Music Factory

Album : Ministry Of Sound The Annual 2024

All our memories are burning in time

All our memories are burning in time

All our memories are burning in time

All our memories are burning in time

All our memories are burning in time

All our memories are burning in time

All our memories are burning in time

All our memories are burning in time

All our memories are burning in time

With feelings I don't ever lend to you

With feelings I don't ever lend to you

With feelings I don't ever lend to you

And a love song of (surrender in blue)

And a love song of (surrender in blue)

All our memories are burning in time

All our memories are burning in time

All our memories are burning in time

All our memories are burning in time

With feelings I don't ever lend to you

With feelings I don't ever lend to you

With feelings I don't ever lend to you

And a love song of (surrender in blue)

All our memories are burning in time

All our memories are burning in time

All our memories are burning in time

All our memories are burning in time

With feelings I don't ever lend to you

With feelings I don't ever lend to you

With feelings I don't ever lend to you

And a love song of (surrender in blue)
