Album : Fractured life

Don't cry

Just let it pass you by

I'll be by your side

Each and everyday

Let go

You gotta lose control

Teach you how to roll

Never be the same

oooh oooh oooh

oooh oooh oooh

Cause I'm wasted

I'm face down on the floor

Can't take anymore

I gave it all away

Lately I can't find the eyes

Help me realize

That I'm in love

I'm in love, I'm in love

Losing, I'm losing all my fame

And I can't stand the days

That I'm alone

Tell me do you feel the same

And are you glad I came

And can I walk you home?

oooh oooh oooh

oooh oooh oooh

Cause I'm wasted

I'm face down on the floor

Can't take anymore

I gave it all away

Lately I can't find the eyes

Help me realize

That I'm in love

I'm in love, I'm in love

Your face, my place

Your face, my place

Your face, my place at night
