# Don't Give Me Your Life

Par Alex Party

*Album : Top13 1995-5*

You treated me bad, now what can I say?

You told me you loved me but it never felt that way

**I tried so hard to carry on but you left me, left me there alone**

**Now you're trying to say don't treat you this way**

**But don't you know, I don't need, I don't need your life**

**Don't give me your life, your life, give me your life**

**Don't give me your life, your life, give me your life**

**Don't give me your life, your life, give me your life**

**Don't give me your life, your life, give me your life**

Love doesn't mean nothing to you (nothing to you)

Cheating and flirting is all you think to do

**I tried so hard to carry on but you left me, left me there alone**

**Now you're trying to say don't treat you this way**

**But don't you know, I don't need, I don't need your life**

**Don't give me your life, your life, give me your life**

**Don't give me your life, your life, give me your life**

**Don't give me your life, your life, give me your life**

**Don't give me your life, your life, give me your life**

**Don't give me, don't give me, don't give me**

Don't give me, don't give me your life

**Don't give me, don't give me, don't give me**

Don't give me, don't give me your life, oh no

**I tried so hard to carry on but you left me, left me there alone**

**Now you're trying to say don't treat you this way**

**But don't you know, I don't need, I don't need your life**

**Don't give me your life, your life, give me your life**

**Don't give me your life, your life, give me your life**

**Don't give me your life, your life, give me your life**

**Don't give me your life, your life, give me your life**
