Alicia Keys - 15 - Lover Man

Par Alicia Keys

Album : The Element of Freedom

First scene opened with the vision of a woman in a chair up in a bedroom

What she doing there?

She is thinking of a man

And the man just could be you

Write him in a script on a business trip out of town

Far but he wish he was near

Does she really want him? Gotta have him burning desire

All she wanna say is listen my dear

Gotta tell ya

I can't wait to see you

See, I need my lover man

Don't you worry 'bout it baby

I don't need no other man

We could be the dream that we always dreamed darling

Let's turn up the heat until the water boils over

I can't wait to see you

See, I need my lover man

Second scene opens with a woman at the desk of a job

Looking at a timepiece (oh yeah)

'Cause there is a fight coming in the night

Carrying the man that she's dying to see (oh yeah)

He's getting attacked in the second act

By a lady that's been missing him bad

She's all in the scene, gotta have him, really need him

He's the kind of lover she never had

Gotta tell him

I can't wait to see you

See, I need my lover man

Don't you worry 'bout it baby

I don't need no other man

We could be the dream that we always dreamed darling

Let's turn up the heat until the water boils over

I can't wait to see you

See, I need my lover man
