Par Alok, Barbatuques, Foreign

Album : Baianá (feat. Barbatuques_Foreign)

Boa noite, povo, que eu cheguei

Mais outra vez apresentar meu baianá

Eu vou cantar com muita alegria

Vou apresentar essas baiana da Maria

Give me time to get fire with the people

How you wanna be inside your mind, I wanna be so

I believe your fire and the people

I believe your desire to achieve so

When we're up, people go with emotion

When we're up, people go with emotion

Overload to the door with emotion

Overload to the door with emotion

You better know, hey

You better grow, hey

You better do what you came here to do, hey

Who was you? Hey

We're with the crew, hey

My colors: green, yellow, white, blue

Hey

Hey

Hey

Hey

Boa noite, povo, que eu cheguei

Mais outra vez apresentar meu baianá

Eu vou cantar com muita alegria

Vou apresentar essas baiana da Maria

Simple all if you think, you could fall in a brink

We are now on a chill, on a flight to Brazil

Realize that you get high with a five-dollar bill

And then I feel alive with the vibe when you chill

You could take a left, go straight or right

Better yet don't let that flex your mind

Other men say you're baked, you're fried

Don't take your time, it's a party-time game

Bo... boa noite, povo

Boa noite, povo, que eu cheguei

Mais outra vez apresentar meu baianá

Eu vou cantar com muita alegria

Vou apresentar essas baiana da Maria

My colors: green, yellow, white, blue
