This City

Par Alok

Album : Alok Presents Brazilian Bass, Part 1

Yeah, nature's pretty

But so is this city

So don't dance

Till they do

And if they're calling shots

Well, don't drink up

They'll walk

All over you

Cause there's only one thing

I've learned

After leaving home with no words

And that one thing

Got lost in the waves

Got lost in the

I'll never go home in the summer

Yeah, that is what we used to say

I'll never be cold with a lover

Cause my heart is where I shake

I'll never go home in the summer

Yeah, that is what we used to say

I'll never be cold with a lover

Cause my heart is where I shake

(Got lost in the waves)

Yeah, nature's pretty

But so is this city

So don't dance

Till they do

And if they're calling shots

Well, don't drink up

They'll walk

All over you

Cause there's only one thing

I've learned

After leaving home with no words

And that one thing

Got lost in the waves

Got lost in the

I'll never go home in the summer

Yeah, that is what we used to say

I'll never be cold with a lover

Cause my heart is where I shake

I'll never go home in the summer

Yeah, that is what we used to say

I'll never be cold with a lover

Cause my heart is where I shake

(One thing, one thing, one thing...)

I'll never go home in the summer

Yeah, that is what we used to say

I'll never be cold with a lover
