Kind of thunder from my heart

**Flooding my eyes**

**Flooding my eyes**

Kind of armies marching through my head

Sombre soldiers

From nowhere

**Kind of someone's moving out of me**

**Have no fear**

**Have no fear**

**Kind of someone's moving out of me**

Going somewhere

Going somewhere

Ship is leaving right on time

Empty harbour, wave goodbye

Evacuation of the isle

Caveman's paintings drowning

Famous last words on the air

I stay here and you are there

While our city softly sinks

Cavemen's paintings drowning

Drowning

Drowning...
