# 110% Rock

Par Alternative Allstars

*Album : 110% Rock*

You gave me something I could believe in

You gave me something I could live by

You make me act up, freak out, discover the sin

I'm gonna rock until the day that I die

I turned you up so you could blow out my speakers

At every turn you never turn me down

You dress me up from my head to my sneakers

I'm gonna rock until the day that I drown

**Cause it's my world and you can't take it**

**Away from me, I won't fake it**

**I rock my world until the day that I die**

**A hundred and ten percent rock**

**A hundred and ten percent rock**

**A hundred and ten percent rock**

**A hundred and ten percent rock me 'til I die**

I need you by my side when I'm lonely

I need you by my side when I sigh

I need you to lift me up to the highest of high

I want you to kick my ass when I cry

I've got your groove locked into my system

Come on and feed me with all that I need

You turn me on every time that I listen to you

And never turn your back on me

**Cause it's my world and you can't take it**

**Away from me, I won't fake it**

**I rock my world until the day that I die**

**A hundred and ten percent rock**

**A hundred and ten percent rock**

**A hundred and ten percent rock**

**A hundred and ten percent rock me 'til I die**

**I turn you up**

**You turn me on**

**I turn you up**

**You turn me on**

**I turn you up**

**You turn me on**

**I turn you up**

**You turn me on**

**Cause it's my world and you can't take it**

**Away from me, I won't fake it**

**I rock my world until the day that I die**

**A hundred and ten percent rock**

**A hundred and ten percent rock**

A hundred and ten percent rock

A hundred and ten percent rock me 'til I die

Rock me 'til I die

Rock me 'til I die

Rock me 'til I die

A hundred and ten percent rock
