# Whaddit I Done

Par Animal Collective

*Album : 2003-10-21: Cafe Unlimited, Bristol, UK*

It's night time

Where i park outside

What have i done in the last day time?

Where am i out in the night time?

Going crazy,

On a free fall,

They are dancing

At the wrong maw

With the right girl

And the low and mine

And they left the stall

And it's doing time

Ease and let me in

I love when we come

And it's good so

And it cures stress too

And it blows your mind

It's a neat time

Any wish now

We've got free hands

Go and need hands

Is where we were

Out takin' these times

It's a good time

When new call

Where we come to say

That i need ya

**And i need ya**

When i need ya

**And i need ya**

When we need ya

**Do i need ya**

Yeah i need ya

**Do i need ya**
