I Am Legend / Out For Blood (Live)

Par Arch Enemy

Album : Lord Of The Storm

I am after you

A shadow on the hunt

Don't turn around

I am right behind you

I will get to you

And take you down

Tear your insides out

Crush your soul

I am out for blood

Out for your blood

I am harder than steel

Break your will

Waiting all my life

To kill

I will get to you

And take you down

Tear your insides out

Crush your soul

I am out for blood

Out for your blood

I can smell your flesh

I can taste your sweat

I can sens your fear

I am right here
