*Album : Controlling Crowds - CD1*

I can see for miles in your eyes,  
They disappear into a sea of faces,

**I can see for miles with your eyes,**

**Their faces are faceless.**

Clones of yourself.

**I can see for miles with your eyes,**

**Their faces are faceless.**

**Clones of yourself**

**Clones of yourself**

**Clones of yourself**

Clones of yourself

Clones of yourself

Clones of yourself

Clones of,

Clones of yourself

I can see for miles in your eyes

Their faces are faceless.

Clones of yourself

Clones of yourself

Clones of yourself

Clones of yourself
