Hurrah Hurrah Apocalypse

Par Army Of Lovers

Album : Glory Glamour And Gold (523 614-2)

I am the amazon

A warrior in shades

I rule my dynasty

Your holiday in Hades

I am the amazon

The zombie femme from hell

I walk where money talks

My army dies to tell

Cry baby cry

See Emily play

Kiss earth goodbye

Hello judgment day

Boom boom bye bye

The demons be gone

Bomb 'til you drop

A space marathon

The vultures feed

We're selling our souls

Big Money talks

Big Money controls

Enola Gay

Launch massive attack

Hurrah hurrah

The army strikes back

Behold United Nations

Come hear my prophecy

Destroy civilization

Come join the mutiny

The gods of earth and heaven

The rich and infamous

The world implodes forever

Collapse the universe

Hurrah hurrah apocalypse

Hurrah hurrah apocalypse

Hurrah

Nothing's gonna save us this time

We are going down

Hurrah hurrah hurrah apocalypse

Hurrah hurrah hurrah apocalypse

Aaah hurrah

Godzilla roars

Nations on parade

War end all wars

A nuclear cascade

Hailstorm immense

A crash and a bang

Nature's revenge

The last tiger fang

The vultures feed

We're selling our souls

Big Money talks

Big Money controls

Enola Gay

Launch massive attack

Hurrah hurrah

The army strikes back

The hungry beast of horror

Six hundred sixty six

Let rockets build a cover

On my plutonium whigs

One hundred fallen angels

One thousand Babylons

The sound of bomb alarm bells

And screaming electrons

Hurrah hurrah apocalypse

Hurrah hurrah apocalypse

Hurrah

Nothing's gonna save us this time

We are going down

Hurrah hurrah hurrah apocalypse

Hurrah hurrah hurrah apocalypse

Aaah hurrah

I am the amazon

A warrior in shades

I rule my dynasty

Your holiday in Hades

I am the amazon

The zombie femme from hell

I walk where money talks

My army dies to tell

Ohhh ohhh ohhh

Ohhh ohhh ohhh

Ohhh ohhh ohhh

Hurrah

Ohhh ohhh ohhh

Ahhh ahhh ahhh

Hurrah hurrah

Hurrah hurrah

Cry baby cry

See Emily play

Kiss earth goodbye

Hello judgment day

Boom boom bye bye

The demons be gone

Bomb 'til you drop

A space marathon

The vultures feed

We're selling our souls

Big Money talks

Big Money controls

Enola Gay

Launch massive attack

Hurrah hurrah

The army strikes back

Destroy destroy destruction

Until the bitter end

The final satisfaction

Construction time again

Beyond the war and sorrow

We break the holy seal

A brand new world tomorrow

A world of make believe

Hurrah hurrah apocalypse

Hurrah hurrah apocalypse

Hurrah

Nothing's gonna save us this time

We are going down

Hurrah hurrah hurrah apocalypse

Hurrah hurrah hurrah apocalypse

Aaah hurrah
