Younger Than Springtime

Par Art Farmer

Album : Art Farmer / The Jazztet

Younger than springtime are you

Softer than starlight are you

Warmer than winds of June

Are the gentle lips you gave me

Gayer than laughter are you

Sweeter than music are you

Sunlight and moon beans

Heaven and earth

Are you to give me

And when your youth and joy

Invade my soul

And fill my heart

As now they do, then

Younger than springtime am I

Gayer than laughter am I

Sunlight and moon beans

Heaven and earth

Am I with you
