Pricey

Par Aryeè The Gem

Album : Love Tap (Vol. 1)

Oh, oh

Oh, oh

(I'm feelin' this shit)

I can tell he like me (Yeah), yeah, he like me

Make him spend it 'cause I'm pricey

Pretty bitch, a dime

Can't be wastin' time (Oh), it's money on my mind

Say I make you nervous, don't come over actin' shy

I can tell you want it when I look into your eyes

Don't treat me like a queen, you won't get between these thighs

Can't worry 'bout no bitch 'cause I know that she ain't my kind

Thought it was a game, nigga, I don't

Want no type (Thought it was a game)

Don't, I don't want no type (Pricey)

Don't take it lightly (Pricey)

Yeah, my time is pricey (Pricey)

Yeah, don't take it lightly (Pricey)

Yeah, my time is (Rari)

Don't need permission, yeah, I'm comin' to collect

Boy, you gotta pay me with respect and

If you gon' be mine then, gotta put the time in

Level up my finances, talk to me nicely

Make sure you can manage this, handle it

Roll with you, I'm gamblin', show me it's not counterfeit

You know that the gem got a vision

Execute it with precision

Don't take it lightly (Pricey)

Yeah, my time is pricey (Pricey)

Yeah, don't take it lightly (Pricey)

Yeah, my time is pricey, yeah

Might have to pull a late night, late night

And I can't be by your side, your side

If I gotta be in my own space, on my own time

Will we still be alright, alright?

I got more spots than Cruella

If she knew better, she'd do better, ain't cryin' over exes

Denim tears on my jeans and water on my necklace

These jets gettin' pricey

Play with my money, you gon' end up on a white tee

Yeah, it's a lot of rap bitches, but ain't no one like me (Oh)

First class, you can bet I'm in the front row (I am)

Milwaukee bitch, but all my D niggas know what up, though

Forty-inch blowin' out the coupe, Ego beside me (Bitch)

Baby, I'm a heavyweight, don't ever take it lightly, Leikeli

Boy, don't take it lightly, take it lightly

Ain't nobody like me, my time is pricey

Boy, don't take it lightly, take it lightly

Ain't nobody like me, boy, my time is pricey
