# Raise Some Hell Now! (Single Edit)

Par ASP

*Album : ENDLiCH!*

You may ask yourself if anything we did made any sense

We are not here to ease your pain, nor will we bring deliverance

You came of your own will, so don't expect me now to make amends

**I'm glad you're here, in this very moment**

**When it all ends**

Without any friends

**Raise some hell now!**

**Raise some hell now!**

**It all went well, somehow, for so long**

**Raise some hell now!**

**Raise some hell now!**

And start to praise yourselfs in this song

We'll never see the greater picture, as I offered just a glance

Are you still puzzled?

Is there nothing left but pure incoherence?

Did you enjoy the journey nonetheless?

And wasn't it intense?

**I'm glad you're here, in this very moment**

**When it all ends**

With so many friends

**Raise some hell now!**

**Raise some hell now!**

**It all went well, somehow, for so long**

**Raise some hell now!**

**Raise some hell now!**

**And start to praise yourselves in this song**

One last time

One last rhyme

Enjoy the ride and join the other side

One more kiss to you all

I will not miss you at all

Sure, we have been falling

But was it love in which we fell?

Hear the voices calling

You seem to know me very well

And all together

We endured more than I could tell

Now and forever

Let's raise some hell, hell, hell!

Here, where it all ends

**Raise some hell now!**

**Raise some hell now!**

**It all went well, somehow, for so long**

**Raise some hell now!**

**Raise some hell now!**

**And start to praise yourselves in this song**

**Raise some hell now!**

**Raise some hell now!**

**It all went well, somehow, for so long**

**Raise some hell now!**

**Raise some hell now!**

And start to praise yourselves in this song!
