# You Know Better - MusicFire.in

Par Avant/Malone/MusicFire.in

*Album : The VIII - MusicFire.in*

I met her in the club that night

She was on that dream (dream, dream)

See my starting five in the building

But she can't run my team

I ain't tryna get in her old life

I'm tryna get in her old life (yeah)

You know she got the Gucci, and it's all black (yeah)

She ain't rockin' nothin' from the mall rack (ah-ah)

If you go left, I go right, how are we gonna meet up? (Ah-ah, yeah)

**This club ain't that big, so if you see me, I'm gon' see ya**

You can be honest if you want it (ah-ah, yeah)

And we can laugh about it in the morning (yeah)

I bet it sound good when you moanin'

**Hear your friends talkin'**

**But I don't wanna hear shit like**

Girl, you know better (better, yeah)

**We ain't comin' for all this bullshit**

Girl, you know better (yeah, better)

Know what he on if he talkin' like this

**Always talkin' down on a nigga like, whoa**

**When they know I'm tryna beat it up**

You want it as much as I do (whoa)

**Hear your friends talkin'**

**But I don't wanna hear shit like**

**Girl, you know better (better)**

**Girl, you know better (better)**

**Always talkin' down on a nigga like, whoa**

**When they know I'm tryna beat it up**

**You want it as much as I do**

**Hear your friends talkin'**

**But I don't wanna hear shit like**

**Girl, you know better**

Just put my car outside (huh?)

Girl, tell me, are you ready? (Uh-huh)

Shouldn't be so hard to decide

Got a nigga lookin' crazy (whoa)

The, the night is almost over, make a move

But they don't have to see us make that move (ah-ah)

Oh girl, but, if you go left, I go right

How are we gonna meet up? (How are we?)

**This club ain't that big, so if you see me, I'm gon' see ya**

You can be honest if you want it (ah)

And we can laugh about it in the morning (ah)

I bet it sound good when you moan it

**Hear your friends talkin'**

**But I don't wanna hear shit like**

**Girl, you know better (better)**

**We ain't comin' for all this bullshit**

**Girl, you know better (better)**

Nobody gonna be talkin' like this

**Always talkin' down on a nigga like, whoa (like, what?)**

When they know I'm tryna beat it up (yeah)

**You want it as much as I do**

**Hear your friends talkin'**

**But I don't wanna hear shit like**

**Girl, you know better (better)**

**Girl, you know better (better)**

Always talkin' down on a nigga like, whoa (yeah)

When they know I'm tryna beat it up (ha)

You want it as much as I do (ha)

Hear your friends talkin' (let me get the business real quick, big brother)

But I don't wanna hear shit like (ah)

**Girl, you know better**

Don't get me wrong, girl (huh)

I was on you from the jump (jump, jump)

I know I'm comin' strong, girl, yeah

But let me tell you what I want

It can be more than what I think (trust me)

Just let a nigga get a taste (ah)

Don't make me wait too long

'Cause there's no winner in second place, yeah (ah-ah)

If you go left, I go right, how are we gonna meet up? (How are we?)

**This club ain't that big, so if you see me, I'm gon' see ya**

You can be honest if you want it

And we can laugh about it in the morning

I know it's somethin' good when you moanin'

**Hear your friends talkin'**

**But I don't wanna hear shit like**

**Girl, you know better (better)**

**We ain't comin' for all this bullshit**

**Girl, you know better (better)**

No idea on if he talkin' like this

Always talkin' down on a nigga like, whoa (like, what)

When they know I'm tryna beat it up

You want it as much as I do

Hear your friends talkin'

But I don't wanna hear shit like

Girl, you know better (better)

Girl, you know better (better)

Always talkin' down on a nigga like, whoa (like, what?)

When they know I'm tryna beat it up

You want it as much as I do

Hear your friends talkin'

But I don't wanna hear shit like

Girl, you know better

(Better, better, better, better)
