Honey Please Can't Ya See

Par Barry White

Album : Best Of Barry White

Uh, somebody loves me too

I guess I always knew

I'd find someone like you

So don't go sweet and true

My, my, oh me, oh my

You're the reason why

I'll love you till the day I die

My, oh my

Honey please, can't you see you saved me

Can't you see you gave me, can't you see you made me, yea

Honey please, can't you see, honey can't you see

What you gave to me, yea yea yea

Honey please, can't you see you saved me

Can't you see you made me, can't you see you gave me

Honey please, can't ya see you saved me

Can't you see you made me

Can't you see, oh honey please, yea, yea, yea, yea, yea

In all this time I've been

Lost in the world without end

Till the day you came into my life

And you made it right

Oh, yea, oh, oh

Honey please, that's what you have gave me

That's what you made me, that's how you saved me

Honey please, that's what you have gave me

That's what you have made me, honey

That's what you have gave me, yea

Honey please, that's what you have made me

That's what you gave me, that's how you saved me

Honey please, can't you see you saved me

Can't you see you made me, can't you see you gave me

Yea, ah, yeah, yeah

Ah, yeah, yeah, yeah, ow, my baby, my baby

Honey please, can't you see you saved me

Can't you see you made me, can't you see you gave me

Honey please, can't you see you saved me

Can't you see you made me, can't you see you gave me

Honey please, can't you see you saved me

Can't you see you made me, can't you see you gave me

Honey please, can't you see you saved me

Can't you see you made me, can't you see you gave me
