(We Want) The Same Thing

Par Belinda Carlisle

Album : The Very Best Of

Here is my case

We've got no time to waste 'cause we want the same thing

We're fighting a war but we don't know what for

'Cause we want the same thing

I know we're different now

Different as night and day

But still I want you

I just want you to stay

Why not take this chance, let's see what we can do

'Cause what you're looking for

I am looking for too, ooh

We dream the same dream

We want the same thing, oh

And all that we need is to see it together, oh-oh, oh-oh

We dream the same dream

We want the same thing, oh

For now, for love, forever amen

I look in your eyes

And I know deep inside that we want the same thing

So let's break the chains that just make us the same

'Cause we want the same thing

Hey, what's the problem here?

Can we negotiate?

I want to kiss your lips

Before it's too late

We dream the same dream

We want the same thing, oh

And all that we need is to see it together, oh-oh, oh-oh

We dream the same dream

We want the same thing, oh

For now, for love, forever amen

We dream the same dream

We want the same thing, oh

We dream the same dream

We want the same thing, oh

We dream the same dream

We want the same thing, oh

And all that we need is to see it together, oh-oh, oh-oh

We dream the same dream

We want the same thing, oh

For now, for love, forever amen

We dream the same dream

We want the same thing, oh

We dream the same dream

We want the same thing, oh

We dream the same dream

We want the same thing, oh, oh

We dream the same dream

We want the same thing, oh

We dream the same dream

We want the same thing...
