Faded-Whole Lotta Love

Par Ben Harper & The Innocent Criminals

Album : Live From Mars - Disc One

You so easily amuse

Like a pantomime

Such a silent crime

You so easily abuse

Lack of confidence

It's your best offense

You so easily confuse

You can't deny it

Still you try to hide it

Faded

So faded

Like a memory gone

There's no recollection

Faded

So faded

Like a forgotten dream

Further than it seems

You so hastily defy

When you think you need it

You find a way to bleed it

You so hastily deny

Pleading innocence

It's your best defense

You so hastily reply

The moment that you said it

You already regret it

Faded

So faded

Like a memory gone

There's no recollection

Faded

So faded

Like a forgotten dream

ICIBILLET.COM

Further than it seems

Faded

You need coolin' baby, I'm not foolin'

I'm gonna say it yeah, go back to school, yeah

Way down inside, honey, you need it right?

I'm gonna give you my love

I'm gonna give you my love

I wanna whole lotta love

I wanna whole lotta love

Wanna whole lotta love

You've been learnin', oh baby, I mean learnin'

All them good times I've been yearnin'

Way, way down inside honey, you need it

I'm gonna give you my love

Every act of my love

I wanna whole lotta love

I wanna whole lotta love

Wanna whole lotta love

Wanna whole lotta

Now, you've been coolin', and baby, I've been droolin'

All the good times I've been misusin'

Way, way down inside, baby, you need it

I'm gonna give you my love

Gonna give you my love

Wanna whole lotta love

Wanna whole lotta love

Wanna whole lotta love

Wanna whole lotta

Way, way down inside, because

Way down inside, oh

Gonna give you my love

Every act of my love

You so easily amuse

You so easily, yeah

Lady, you're so crazy

Like a memory gone

There's no recollection

Faded

So faded

Like a forgotten dream

Further than it seems

Faded

So faded

Like a memory gone

There's no recollection

I'd like to thank you all very, very much

Thank you guys so much

You've been incredible

Thank you for being so good to us
