Just One Day

Par Better Than EZRA

Album : Better Than EZRA - Paper Empire

If you could change the choices that you've made

Would you do it today?

If you could spin the world the other way

Could you do it on faith? If time stands still

What would you do? What would you say?

If everyone you loved came back for just one day

How would it feel if every dream came real

And all the scars you have fade away for just one day?

Imagine all the times that you could take back

What would you have done differently?

Thoughts in your head that you never said

A heart that you broke and left for dead

If all the pain you had could be released

How life flies by

What would do? What would you say?

If everyone you loved came back for just one day

How would it feel if every dream came real

And all the scars you have fade away for just one day?

And the night, all the good times and the fights

All the take and the give

All the moments that we never got to live, oh

What would you do? What would you say?

If everyone you loved came back for just one day

How would it feel if every dream came real

And all the scars you have fade away for just one day?

What would you do? What would you say?

If all the love you lost you had was real for just one day

For just one day

If you could change the choices that you've made

Would you do it today?
