Never Goin' Back

Par Big Daddy Weave

Album : Beginnings

Close the door to be sure

As I take a new direction

I leave behind my former ways

And cast aside this world's affections

And I won't think twice because

Your love healed my broken heart now

And your love bought me a brand new start

Oh, a brand new start, yeah

And I'm never goin' back, no way, yeah

The wisdom of the cross is foolish

To the one who won't receive it

But there is power just the same

To all who will believe it

I believe it because

Your love healed my broken heart now

And your love bought me a brand new start

Oh, a brand new start, yeah

And I'm never goin' back, no way, yeah

Never goin' back

To that old place

Never goin' back

Since my past has been erased

Never goin' back

In His grace I will remain

Never goin' back

To my old ways

You healed my broken heart, now

And your love bought me a brand new start

I said that your love healed my broken heart, now

And your love bought me a brand new start

Oh, a brand new start, yeah

And I'm never goin' back, no way, yeah
