I Hope You're Happy

Par BigXthaPlug feat Darius Rucker

Album : I Hope You're Happy

I hope you're happy with somebody new

The way that I was when I had you

And I hope it won't break your heart and waste all your time

And I hope you're happy with the way you broke mine

Hey how you doin'? It's been a minute
I hope you're cool, shit, how you living?
I seen you hittin' the gym and movin' different
I love to see you livin' through your vision
You started school, you got a job
And I'm just tryna see what's on your mind
And by the way, shit, how's your mom?
I hope that she's still happy, doin' fine
But anyway, hope you respond
But if you don't, it's not the first time
I'm steady tryna see why you would hurt my heart
You know you could've really spared mine
Hurt me to the core to say you ain't mine
I really thought we'd last a lifetime
I really had you back in lifeline
Guess you wasn't on my type [?]
But shit is cool, went with your move
I still got love for you and that's the truth
Hopefully your next [?] movin' how you move
Maybe he can do the shit I couldn't do
I hope the love he got can take you to the moon
And all your time I hope he can consume
And hold you tight like you would never do
Cause karma is a bitch I'm telling you
You hurt my soul, I hope he heal yours
You let me drown, I hope he swim for you
I lost it all, you wasn't here for me
You lose it all, I hope [he steal?] for you

And with all my heart, I hope you get this

'Cause, Bae, I swear I'm talkin' real shit

I said I love you, swear I meant it

To my worst love from the [?]

And I hope you're happy with somebody new

The way that I was when I had you (Oh, yeah)

And I hope it won't break your heart and waste all your time

And I hope you're happy with the way you broke mine

And I hope you're happy with the way you broke mine
