It's Too Hot For Words

Par Billie Holiday

Album : The Complete On Verve 1945-1959, Vol. 2 (HD Remastered Edition)

It's too hot for words

Why bother with conversation

Don't let's talk or even walk
If you want to make love, okay

It's too hot for words

There's nothing like relaxation
Can't ignore this temperature
But if you want to make love, okay

Let's find a cozy nook
Beside a babbling brook
Let's find a shady tree
Let the love birds talk for you and me
'Cause it's much too hot for words

Why bother with conversation

Goodness knows my heart disclose

All it dares to say

All it cares to say

It's too hot for words
