Romance in the dark

Par Billie Holiday

Album : The Complete Billie Holiday on Columbia - Lady Day 1933-1944 CD10

Romance in the dark with you

All at once I knew darlin', love was near

I thrill to my finger tips, I could feel your lips

Darlin', oh so near

The music was so entrancing

The lights all began to fade

I said to myself, keep dancing

But only my heart obeyed

A flame grew from just a spark

When I found romance in the dark with you

The music was so entrancing

The lights all began to fade

I said to myself, keep dancing

But only my heart obeyed

A flame grew from just a spark

When I found romance in the dark with you
