11 - Everybody Dies

Par BillieEilishVEVO

Album : Billie Eilish - Happier than Ever

Everybody dies, surprise, surprise

We tell each other lies, sometimes, we try

To make it feel like we might be right

We might not be alone

Be alone

"Everybody dies", that's what they say

And maybe in a couple hundred years

They'll find another way

I just wonder why you'd wanna stay

If everybody goes

You'd still be alone

I don't wanna cry, some days I do

But not about you

It's just a lot to think about the world I'm used to

The one I can't get back

At least not for a while

I sure have a knack for seeing life more like a child

It's not my fault, it's not so wrong to wonder why

Everybody dies

And when will I?

You oughta know

That even when it's time

You might not wanna go

But it's okay to cry

And it's alright to fold

But you are not alone

You are not unknown
