It's Your Time

Par Bklava & Jamie Boy Bassline

Album : Ministry Of Sound The Annual 2024

It's your time

It's your time

It's your time

It's your time

It's your time

It's your time

It's your time

It's your time

And everything about the way you do what you do

'Cause I'm controllable when it comes to me and you

I get so excited when I hear you say my name

When I hear your voice, it's sunshine through the rain

Through the rain

Through the rain

Through the rain

The rain

The rain

Ooh, ooh, ah

Your boy

Time

It's your time

It's your time

Yeah, yeah

And everything about the way you do what you do

'Cause I'm controllable when it comes to me and you

I get so excited when I hear you say my nam?

When I hear your voice, its sunshine through th? rain

Ooh, ooh, let your body free

Ooh, ooh, when you come away

Ooh, ooh, it ain't real tonight

Ooh, won't you turn off the lights?

Lights

Won't you turn off the lights?

Oh, oh, oh

Its your love

It's your life

It's your time

It's your time

Ah, baby, girl, hey!

Maybe I've been thinking 'bout all things you done

You were saying that everything is good and I am only one

Did you think they couldn't see?

Guess he thought that wouldn't know

Wouldn't you not doubt at all this watch will be

This is your time, our lovely soul

Don't need a put up with no game

We know why we want for this grow

Hey, yo, call on me

Turn out the light

So...

Ooh, hoo, hoo

Let your body stay

Hoo, hoo, hoo

When you come always- Always

Ooh, oo, woo can have another night

Woo, woowon't you turn off the light

Light

Woo, wooo

No, don't play around here anymore

More more

Just like us in the beginning

Baby listen carefully now

What are you waiting for wait for tell me right now

Tell me how much you care

Because if you really care then you would never

Hesitate because loving each other is easy as 1 2 3

Come on y'all dance floor is over there where you from

Wherever you're from just make some noise One two

Three four five six seven eight nine ten eleven twelve
