**Just watch me (I'm fallin' up)**

**Just watch me (I'm fallin' up)**

Just watch me (I'm fallin' up, I am)

**Just watch me**

Focus on this, the ear seductionists (uh) (watch me)

More than lyricists in this rap metropolis (uh)

More like an activist, we give it to you all (uh) (just watch me)

Presentation will make you have a ball (ball)

Styles start conceiving causing you to meditate

Manipulate the mind with hypnotical legislate

We far from the fakes, we never fake moves

But jealous mother-kers seems to just disapprove (and talk sh-)

And who the hell he be havin' a fit, yo, he ain't got sh-

That's why he set trips, (I) I identified what he rips

Which consists of nonsense nothing less than bullsh-

(Westside!) Who can hang with the all around remainders

A real entertainer, reviver of the true art form of hip-hop

Explore non-stop, entertain ya 'til you drop

**We be fallin' up (up), never fallin' down (down)**

**We keep it at a higher level, elevated crown**

**Put it in your (area), city or your (town)**

**Black Eyed Peas is known for gettin' down**

**We be fallin' up (up), never fallin' down (down)**

**We keep it at a higher level, elevated crown**

**Put it in your (area), city or your (town)**

**Black Eyed Peas is known for gettin'**

Pick the course that you take, is it fake?

There's no remorse for a fake we must (break)

Time a rap source subdued that we make, ah

Yo' collapse feel the force for intake

Witness the Peas as we innovate

Will's extraordinaire, expose, instillate

Patterning pioneer, remember I crossed the lake

Apl in fact if it's not my mistake

Taboo's unexplained means there's no escape

Form it, hate it, love it, rate it as great

God gave the talent, showin' that we create

Enough of being deep it's time to motivate (damn)

**We be fallin' up (up), never fallin' down (down)**

**We keep it at a higher level elevated crown**

**Put it in your (area), city or your (town)**

**Black Eyed Peas is known for gettin' down**

**We be fallin' up (up), never fallin' down (down)**

**We keep it at a higher level elevated crown**

**Put it in your (area), city or your (town)**

**Black Eyed Peas is known for gettin'**

**Just watch me**

**Just watch me**

I see you try to diss our function  
By stating that we can't rap  
Is it 'cause we don't wear  
Tommy Hilfiger or baseball caps  
We don't use dollars to represent (uh-huh)  
We just use our inner sense and talent (that's right)  
If you try to diss the Peas  
You'll get handled by apl.de the  
Rawr, grrr  
  
Alligator, número uno creator  
Black Eyed Peas be more than a player  
Don't got to represent no set just  
So I could get some respect  
G-go-g-got-got-got cool  
A lot of talent so I can get through  
We do it 'cause the way that you did it  
I think you done corrupt the whole hip-hop sound  
So now we gotta follow up

**We be fallin' up (up), never fallin' down (down)**

**We keep it at a higher level elevated crown**

Put it in your (area), city or your (town)

Black Eyed Peas is known for gettin' down

We be fallin' up (up), never fallin' down (down)
