# Union

Par Black Eyed Peas

*Album : Monkey Business*

One for all

One for all

It's all, it's all for one (whoa)

Let's start a union, calling every human

It's one for all and all for one (whoa)

Let's live in unison, calling every citizen

It's one for all and all for one

We don't want war

Can't take no more

It's drastic time for sure

We need a antidote and a cure

'Cause do you really think Mohammed got a problem with Jehovah

**We don't want war**

Imagine if any prophet was alive

In current days amongst you and I

You think they would view life like you and I do

Or would they sit and contemplate on why

Do we live this way, act and behave this way

We still live in primitive today

'Cause the peace in the destination of war can't be the way, there's no way

So people just be a woman, be a man

Realise that you can change the world by changing yourself

And understand that we're all just the same

So when I count to three let's change

**(Whoa, whoa)**

**One for all**

**One for all**

**It's all, it's all for one (whoa)**

**Let's start a union, calling every human**

**It's one for all and all for one (whoa)**

**Let's live in unison, calling every citizen**

**It's one for all and all for one (whoa)**

Got no time for grand philosophy

I barely keep my head above the tide

I got this mortgage, got three kids in school

What you're saying is the truth that really troubles me inside (whoa)

I'd change the world if I could change my mind

If I could live beyond my fears

Exchanging unity for all my insecurity

Exchanging laughter for my tears

**(Whoa, whoa)**

**One for all**

**One for all**

**It's all, it's all for one (whoa)**

**Let's start a union, calling every human**

**It's one for all and all for one (whoa)**

Let's live in unison, calling every citizen

It's one for all and all for one (whoa)

I don't know y'all, we in a real deposition  
In the midst of all this negative condition  
Divided by beliefs, differences and religion  
Why do we keep missing the point on our mission?  
Why are we killing each other, what's the reason?  
God made us all equal in his vision  
I wish that I could make music as a religion  
Then we could harmonise together in this mission  
Listen, I know it's really hard to make changes  
But two of us could help and rearrange, discuss  
Utilize our power in our voices  
Together we will unite and make the right choice  
And fight for education  
Save the next generation  
Come together as one  
I don't understand why it's never been done  
So let's change on the count of one

It takes one, just one

And then one follows the other one

And then the other follows another one

Next thing you know you got a billion

People doing some wonderful things

People doing some powerful things

Let's change and do some powerful things

Unity could be a wonderful thing

**(Whoa, whoa)**

**One for all**

**One for all**

**It's all, it's all for one (whoa)**

**One for all**

**One for all**

**One for all**

**It's all, it's all for one (whoa)**

**Let's start a union, calling every human**

**It's one for all and all for one (whoa)**

**Let's live in unison, calling every citizen**

**It's one for all and all for one (whoa)**

(Whoa)

(Whoa)
