# Ghost Coming (2:37)

Par Black Francis

*Album : Abbabubba (b-sides. etc.)*

The bars are shut in Dublin town  
But my new friend is coming 'round  
His secret block won't cut us down

The spirit world, I do not seek  
I went upstairs and I took a leak  
Was it the cold, was it the creaks?

No light in the gents  
All the girls aren't worth  
But I had to give it up  
Every hair was standing off

**Oh, oh baby**

**Ghost coming after me**

Oh baby

## Ghost coming after me

(Oh baby, oh baby)

Back at the bar, we sang new songs

Then my friend said, "There's something wrong"

I said, "Now please, please come along"

"I gotta go again

Would you come with me, Glenn?

No, I can't go alone

No, I can't go alone"

## Oh, oh baby

(Oh baby)

## Ghost coming after me

Oh, baby

(Oh baby)

## Ghost coming after me

## Oh, oh baby

(Oh baby)

## Ghost coming after me

Oh, baby

(Oh baby)

Ghost coming
