# Heart Like a Wheel

Par Black Sabbath

*Album : Seventh Star (Deluxe Edition)*

In the days of confusion

You've turned angry and cold

You say it's an illusion

There's no fire in your soul

Say you don't love me

Say you don't care

But don't leave me standing here

Your heart's like a wheel

Just waiting to roll

It's longing for freedom

To get out on the road

You're hungry for something

That you may never find

So many reasons

Your love has made you blind

**You say you don't love me**

**You say you don't care**

So don't leave me standing here

**Don't leave me standing here**

**You say you don't love me**

**You say you don't care**

Don't leave me

**Don't leave me standing here**

Life ain't been easy

Full of passion and pain

Told me no reason

Why I was to blame

**Don't leave me standing**

**Don't leave me standing**

**Don't leave me standing**

On my own
