# Megalomania

Par Black Sabbath

*Album : Sabotage (super deluxe)*

I hide myself inside the shadows of shame.

The silent symphonies were playing their game.

My body echoed to the dreams of my soul,

Inside is something that I could not control.

Where can I run to now? The joke is on me.

No sympathizing God is insanity, yeah.

**Why don't you just get out of my life yeah?**

**Why don't you just get out of my life now?**

**Why doesn't everybody leave me alone now?**

**Why doesn't everybody leave me alone yeah?**

Obsessed with fantasy, possessed with my schemes,

I mixed reality with pseudo-God dreams.

The ghost of violence was something I've seen.

I sold my soul to be the human obscene.

How could this poison be the dream of my soul?

How did my fantasies take complete control, yeah?

**Why don't you just get out of my life yeah?**

**Why don't you just get out of my life now?**

**Why doesn't everybody leave me alone now?**

**Why doesn't everybody leave me alone yeah?**

Well I feel something's taken me I don't know where;

It's like a trip inside a separate mind.

The ghost of tomorrow from my favorite dream

Is telling me to leave it all behind.

**Feel it slipping away, slipping in tomorrow.**

Got to get to happiness, want no more of sorrow.

**How I lied, went to hide,**

How I tried to get away from you, now.

**Am I right, if I fight?**

**That I might just get away from you, now.**

Sting me!

Well I feel something's giving me the chance to resign;

It's giving me the chance of saving my soul.

Beating the demigod, I'm fading away,

I'm going backwards but I'm in control.

**Feel it slipping away, slipping in tomorrow.**

Getting back to sanity, from the depths of sorrow.

Was it wise, to disguise,

How I tried to get away from you now?

Is there a way, that I could pay,

Or is it true I have to stay with you now?

**How I lied, went to hide,**

How I tried to get away from you, now,

**Am I right, if I fight?**

**That I might just get away from you, now.**

Suck me!

I'm really digging Schizophrenia, the best of the earth,

I've seized my soul in the fires of Hell.

Peace of mind eluded me, but now it's all mine.

I simply try, but he wants me to fail.

Feel it slipping away, slipping in tomorrow.

Now I've found my happiness, providence of sorrow.

No more lies, I got wise.

I despise the way I worshipped you, yeah.

Now I'm free, can't you see,

And now instead I won't be led by you, now.

FREE!
