Do You Know

Par Black & White

Album : ?????????????? ??? - The Best 90's

Do you know

You let me on to be right

I know

Do you know

You turn it around

And you made it a game

I will play for you

Baby stay closer

Game is not over

Let me tell you something

I wanna rock your heart

Dont leave me alone

Together well do better

Walk into the rhythm of love

Do you know

You let me on to be right

I know

Do you know

You turn it around

And you made it a game

I will play for you

Gimme your emotion

Love is my devotion

You really drive me crazy

My dream come true

Youre my angel

Take me so higher

No I'm not a loser

You cant be blue
