Cash in My Jeans

Par Bladee

Album : Bladeecity

Uh-oh, oh-oh-oh

Uh-oh

Uh-oh, oh-oh-oh

Sunny, shadow light

Gucci eyes, hidden eyes

Staring down, sensing all

Always down but never doubt

Plasma, all my money's getting cold in this narrow hall

Light call, underneath stars 'cause I rise above

Waterfall, Rainworld, Bladee, I already shine

At the mall, I was trying hard, you can see the scars

Peace in the streets

Nights when I sleep

I got enemies

I got cash in my jeans

Peace in the streets

Nights when I sleep

I got enemies

I got cash in my jeans

The sky is the limit

I'm looking like an image

Mirrors on my fingers

Sunshine glitter

Hit me up on Twitter

My heart is like the Winter

I wanna be your mister

But I fall inside the blizzard

Real lonely, getting younger

I am dying on this earth

I walk into a tunnel

I go back, it was a puzzle

I can't live this summer

I forgot to bring my lighter

Water without fire

'Cause they treat me like a spider

No peace in the streets

Nights when I sleep

Whatever you need

I got cash in my jeans

Peace in the streets

Nights when I sleep

I got enemies

I got cash in my jeans

Peace in the streets

Night when I sleep

Whatever you need

I got cash in my jeans

Peace in the streets

Night when I sleep

Burn when I drink

I got cash in my jeans
