# I Believe My Heart (Duncan James and Keedie)

Par Blue

*Album : 4ever*

Whenever i see your face, the world dissappears,  
All in a single glance of, revealing,  
You smile and i feel as though, ive known you for years,  
How do i know to trust what im feeling.

I believe my heart, what else can i do,  
When every part of every thought leads me straight to you,  
I believe my heart, theres no other choice,  
For now whenever my heart speaks, i can only hear your voice.

A lifetime before we met, has faded away,  
How did i live a moment without you,  
You dont have to speak at all, i know what you'd say,  
And i know every secret about you.

**I believe my heart, it believes in you,**

**Its telling me that what i see is completely true,**

I believe my heart, how can it be wrong,

It says that what i feel for you i will feel my whole life long.

**I believe my heart, it believes in you,**

**Its telling me that what i see is completely true,**

And with all my soul i believe my heart,

The portrait that it paints of you, is a perfect work of art.
