# A Quarter to nine

Par Bobby Darin

*Album : Dream Lover (Live Comp)*

The stars are gonna twinkle and shine

I mean this evenin' 'bout a quarter to nine

My lovin' arms are gonna tenderly twine

All around you, around a quarter to nine

**I know I won't be late 'cause at half past eight**

I'm gonna hurry there, I'll be waitin' where the lane begins

Waitin' for you on needles and pins

And then this world is gonna be mine

This evenin' 'bout a quarter to nine

Get it, ah ah, oh oh

This evenin' around a quarter to nine

Both these lovin' arms are gonna tenderly twine

There around you around a quarter to nine

**I know I won't be late 'cause at half past eight**

You know I'm gonna be there, I'll be waitin' right where the lane begins

I'll be waitin' for you on needles and pins

And then, then you're gonna be mine

This very evenin' around a quarter to nine
