The lesson weh me teach a whole heap of gyal dem waan fi learn it

So

Just sit down pon mi pony
Whether big or fat or bony
Hot gyal, me love dem only
And this yah gyal a phone me 'bout she horny and she lonely
And now she sure she have the chemistry to unfold me
And if she ever hold me, it no hard to control me
Man ah natural stallion, no chiney brush, and me no stony
Kick back and watch mi Sony, hey Naomi
Then if you think say you bad, just follow mi arrow

Make me point it go down deh the shallow and narrow

When me done, you nah go no today different from tomorrow

Haffi go check her friend and get one fi borrow

Underestimate, man a borrow, you borrow

See deh now gyal, me hold you, how it ago go

This yah one ah di eagle versus the sparrow

Gyal ah bawl fi sorrow, this movie too horror

Yo
You shouldn't refuse it
You come and test and lose it
And turn 'round and accuse it
Say, me a hot and bad, abuse it
A me you blame
True me have your brains ah confuse it
You have the choice to choose good
You choose bad, then why you choose it?
Me have a piece of tool, you think say me no know fi use it?
So watch how you a groove it
'Cause them deh things deh move me
And things like that, me only see it inna blue movie
Say, Susie meet me inna the Jacuzzi

So, if you think say you bad, then follow mi arrow

Make me point it go down deh the shallow and narrow

When me done, she nah go no today different from tomorrow

Haffi go check her friend and get one fi borrow

Underestimate, man a borrow, she borrow

See deh now gyal, me hold you, how it ago go

This yah one ah di eagle versus the sparrow

Gyal ah bawl fi sorrow, this movie too horror

Strikey and mi lighty, right yah now me ago burn it

Put a fire under your wire, that alone concern me

Deh pon top of things, no matter where and how you turn it

Get di job well done, and no fish wet, me haffi earn it

She deh pon top of mi case every minute like an attorney

Gyal, you bet fi come and follow me upon this yah love journey

The lesson weh me teach a whole heap of gyal dem waan fi learn it

Believe it or not, dem gyal come confirm it

Think you bad, then follow mi arrow

Make me point it go down deh the shallow and narrow

When me done, she nah go no today different from tomorrow

Haffi go check her friend and get one fi borrow
