Movin' on

Par Brookes Brothers

Album : Drum & Bass Arena 2018

I gotta get away 'cause you're making me weak

It's keeping me trapped (keeping me trapped)

I gotta be a fool

Sitting here, tryna get that whole thing back (I know)

I gotta get away 'cause you're making me weak

It's keeping me trapped (keeping me trapped)

I gotta be a fool

I don't wanna, love you

Don't wanna, need you

Just wanna, leave you (I just want to leave, don't wanna)

Love you

Don't wanna, need you

Just wanna, leave you

I don't wanna, love you

Don't wanna, need you

Just wanna, leave you

(I just want to leave, don't wanna)

Love you

Don't wanna, need you

Just wanna, leave you (I just want to leave, don't wanna)

I gotta get away 'cause you're making me weak

It's keeping me trapped

I gotta be a fool

Sitting here, tryna get that whole thing back (I know)

I gotta get away 'cause you're making me weak

It's keeping me trapped

I gotta be a fool

Sitting here, tryna get that whole thing back

Just keep your wish

Just keep your wish (yes sir)

Just keep your wish

Just keep your wish (woo)

Love you

Don't wanna, need you

Just wanna, leave you (I just want to leave, don't wanna)

Love you

Don't wanna, need you

Just wanna, leave you

I don't wanna, love you

Don't wanna, need you

Just wanna, leave you (I just want to leave, don't wanna)

Love you

Don't wanna, need you

Just wanna, leave you (I just want to leave, don't wanna)

Leave you

Leave you

Leave you

I, oh-oh

It's keeping me trapped here
