# I Cry And Sing The Blues

Par Buddy Guy

*Album : Buddy's Blues (1997 Canada Chess CHD-9374)*

Oh, there's no one there for me

Since my baby's love had been done with

All I do is think of you

I sit and cry, oh and I sing the blues

I sit and cry, and I sing the blues

Oh, there's no one to call me sweet names

And my heart, and my heart is filled with pain

Lord I don't know, I don't know what to do

**I sit and cry and I sing the blues**

**I sit and cry and I sing the blues**

Blues all in my bloodstream

Blues all in my home

Blues all in my soul

I got blues all in my bones

Oh no one to depend on

Since my baby, since my baby's love had been gone

Broken hearted and lonesome too

**I sit and cry and I sing the blues**

I sit and cry oh and I sing the blues

I sit and cry

**I sit and I cry**

**I sit and I cry**

I cry

I cry, cry, cry, cry, cry, oh

And I sing on, I sing on, I sing on the blues

Oh, I sing on, I sing on

Sing on the blues
