Who Are You? (Paused)

Par Cal Scruby

Album : Unsigned

Shorty real hot, she in high demand

I'ma play it cool, like a side of ranch

I don't save these hoes, I'm not Spider-Man

But I did a bump and I hit the blunt once and it got me saying

Da-da-damn saw that ass moving like a lava lamp

Drop it down saw that thing bounce like a bad advance

White boy in Off-White like I got a tan

Night stand looking like a god damn avalanche

Hit the strip I got four or five plugs

I just tell my story, I don't glorify drugs

I'm a role model if you wanna die young

But I got a whole lot if you wanna buy some, oh

I was gone for a minute but I came back

My payback getting paid off a play-back

Thinkin back on the day when I made that

Thought I was the man, god damn I became that

I'm a star, I know you hate that

Nothing you could say is gonna change that

Look if I don't know you but you know me you should get a name tag

Who the fuck are you?

Who the fuck are you? (Who are you)

Who the fuck are you?

Man, who the fuck are you? (Who are you)

Who the fuck are you? (Who are you)

Yeah I know you know me but who the fuck are you?

I'm probably coming off a little arrogant
See the man in the mirror like what the fuck you staring at
You taking yourself too serious
And I think it's hilarious
I know you very insecure like a bad bank
You bought a nice car acting like it add length
I'm half drunk at the bar drinking other peoples half drank drinks
Find a plate with a steak and a crab cake, oh
Bet I throw it up when I'm backstage
Looking for some action on the back page
Stopped at the gas station with a half tank
Got my ass ate it was great, tell your dad thanks
It's over the top and outrageous
Going through one of my I don't give a shit phases
Everybody saying don't forget me when you're famous
I'm just like, who the fuck are you?

I was gone for a minute but I came back

My payback getting paid off a play-back

Thinkin back on the day when I made that

Thought I was the man, god damn I became that

I'm a star, I know you hate that

Nothing you could say is gonna change that

Look if I don't know you but you know me you should get a name tag

Who the fuck are you?

Who the fuck are you? (Who are you)

Who the fuck are you?

Man, who the fuck are you? (Who are you)

Who the fuck are you? (Who are you)

Yeah I know you know me but who the fuck are you?
