07 My Domain of Decay

Par Celtic Frost

Album : Monotheist

Uh!

In these darkest walls

As I write these lines, uh!

In this domain of decay

Words fall on the soil beneath

Enfold

Embrace

Besiege

Swathe

My domain

My domain

My domain

My domain

In these darkest walls

How can I be human?

They say they are blind

Smearing ashes across

Enfold

Embrace

Besiege

Swathe

My domain

My domain

My domain

My domain

In this forest of harbored thoughts

There's demons in my mind

And I entrust myself to the lure

Of leaving this existence behind

Enfold

My domain

Besiege

My domain

Enfold

My domain

Besiege

My domain, uh!
