Bitch of dreams

Par Centhron

Album : Einheit C

Sie liegt im Wind

Empfängt den Dämon

I smell a cunt

Brought by thousand winds

Like the winds of hunt

Between her lonely limbs

She dances through the stars

Awake the purest sin

From hell she came

Call her princess of the wind

Lent into the darkened sky

Blackened is this witch

She is like a mourning cry

My bitch

Lent into the darkened sky

Blackened is this witch

She is like a mourning cry

Hot bitch

Bitch of dreams

My bitch of dreams

She shall be my wife

My horny whore of fate

Into her breasts I dive

Towards her open gate

I am the bitch of your dreams

I'll come with the winds

I'll taste your white blood

I'll be your bitch of sins

Lent into the darkened sky

Blackened is this witch

She is like a mourning cry
