Gun in Yo Purse

Par Chance the Rapper

Album : Star Line

Make some bast, that's no cap

Put this gun in your purse, put this gun in your purse

Put this gun in your purse, put this gun in your purse

Sometimes, it'll get bad, sometimes, it'll get worse

Put this gun in your purse, sometime, we gotta die

Them niggas gon' die first, put this gun in your purse

Put this gun in your purse, put this gun in your purse

Sometimes, it'll get bad, sometimes, it'll get worse

Sometime, we gotta die, them niggas gon' die first

Put this gun in your purse

I don't want nobody, 'body but you

Trust fall, girl, I'll catch a body 'bout you

If I did that time, it's prolly 'bout you

Hold this down, I worry about you

Teach you how to aim, can't teach you how to shoot

Teach you how to aim, can't teach you how to shoot

Teach you 'bout the game, can't teach you how to hoop

Swang through the lane while you hang out the roof

It's a bumpy ride, you'll be alright, you can hang on straight, still ain't got the boof

Hunnid two-doors, still ain't got the coupe

Front two horse, still ain't got the coupe

My favorite passenger princess sittin' real pretty, ridin' my shotty

Left hand, it rest on my headrest, checkin' my rearview, hidin' my bodies

She always fearin' the worst, sometimes she cry, and it hurts

So keep on prayin' it works, but put this gun in your purse

Put this gun in your purse (put this gun in your purse)

Put this gun in your purse (put this gun in your purse)

Put this gun in your purse (put this gun in your purse)

You better put this gun in your purse (sometimes it get bad)

Put this gun in your purse (sometimes it get worse), uh

Put this gun in your purse (some time, we gotta die)

Put this gun in your purse (them niggas gon' die first)

Pop in the whip, go skrrt

Put this gun in your purse, put this gun in your purse

Put this gun in your purse, sometimes, it'll get bad

Sometimes, it'll get worse, sometime, we gotta die

Them niggas gon' die first, them niggas gon' die first

Nigga, put this gun in your purse

Put this gun in your Chane'-ne', put this gun in your Birk'

Murder, I U.G.K, put this gun in your purse (put it)

She went to brush, she said it work

Cough the real up, coffin real (coffin real)

I need somethin' to hold my K, I need a trunk (I need some thick shit)

I need brown Old Louis, I feel like a bum (feel like my daddy)

I'm 'boutta join a shootout, yeah, I told my momma

I say (I say), "Gun in your purse" (I say)

I lost a couple friends, but the opps die first (that's some facts)

Shoota like "Pow," she said it work

Just like a free Kaleek (what?), AK squirt

Put this gun in your purse, put this gun in your purse

Put this gun in your purse, put this gun in your purse

Sometimes, it'll get bad, sometimes, it'll get worse

Put this gun in your purse, sometime, we gotta die

Them niggas gon' die first

Know I'ma do that first

Fuck around, might get murked, fuck around, might smoke purp'

I'm still gettin' my work, 50, yeah, K for my verse

Couple of K's for a shirt, that's where a bitch got purp'

Sit on that phone when I'm hurt, sit on that phone when I squirt

Said I be findin' her, give me that pussy, go purr

Give me that pussy, go yurr, he wanna be what I need

Baby, I'm keepin' it street

Wanna do somethin' for me? Put the beat clock right under your seat

Uh-huh, bitch, get outta my way (outta my way)

He cannot go for a day (a day), he need this pussy today (today)

He never done it for who? (You), he finna do what I think (okay)

They be just mad 'cause they ain't you (no), boy, I can't stand why they hate

Put this gun in your purse, put this gun in your purse

Put this gun in your purse, put this gun in your purse

Sometimes, it'll get bad, sometimes, it'll get worse

Put this gun in your purse, sometime, we gotta die

Them niggas gon' die first, put this gun in your purse

Put this gun in your purse, put this gun in your purse

Sometimes, it'll get bad, sometimes, it'll get worse

Sometime, we gotta die, them niggas gon' die first
