# Wish I Could Be There

Par Charade

*Album : Kuschel Rock 6 CD2*

Hello and how are you today

I'm sitting alone in my room

And everything feels like a moment

Of loneliness deep in my heart

I heard you were out with Elaine

But she saw you dancing with Jane

And after all you kissed Irene

**All the best to you and Irene**

**I hope she loves you too**

Like I do

**(Wish I could be there)**

**All the best to you and if you want**

**I dedicate this song to me and you**

**(Wish I could be there**

**Wish I could be there)**

Lately I was out at a show

The drummer looked exactly like you

And everything felt like a moment

Of bitterness deep in my heart

You know I don't want to complain

Now I'll never be the same

My feelings never gonna change

**All the best to you and Irene**

**I hope she loves you too**

Like I do

**(Wish I could be there)**

All the best to you and if you want I'll dedicate this song to me and you

Wish I could be there wish I could be there

**All the best to you and Irene**

**I hope she loves you too**

Like I do

**(Wish I could be there)**

**All the best to you and if you want**

**I dedicate this song to me and you**

**(Wish I could be there**

**Wish I could be there)**
