# One By One

Par Cher

*Album : Now 33 CD 1*

"Oh no" she said

Dear daddy, daddy

"Oh no" she said

Dear daddy, daddy

"Oh no" she said

Dear daddy, daddy

"Oh no" she said

Dear daddy, dear daddy

When you pray with every breath

You know, that is free

As the love you have

**Where does it end**

**It's too much for me to take**

There's no peace

You close your eyes

I'm all out of truth

**I'm out of alibis**

**Where does it end**

**It's too much for me to take**

**We're gonna love one another**

**'Til morning comes**

**Seek the sweet salvation**

**For what we've done**

**Give up resisting one by one**

**One by one**

**He gives a new kind of meaning**

**To what I am**

**I know that I could never**

**Love any other man**

**One of these days he'll understand**

**Understand**

And his face his heaven scent

He makes me believe there

Must be something else

**Where does it end**

**It's too much for me to take**

I can feel the need in you

There isn't a thing

I won't let you do

**Where does it end**

**It's too much for me to take**

**We're gonna love one another**

**'Til morning comes**

**Seek the sweet salvation**

**For what we've done**

**Give up resisting one by one**

**One by one**

**He gives a new kind of meaning**

**To what I am**

**I know that I could never**

**Love any other man**

**One of these days he'll understand**

**Understand**

**Understand**

**We're gonna love one another**

**'Til morning comes**

**Seek the sweet salvation**

**For what we've done**

**Give up resisting one by one**

**One by one**

**He gives a new kind of meaning**

**To what I am**

**I know that I could never**

**Love any other man**

**One of these days he'll understand**

**Understand**

**We're gonna love one another**

**'Til morning comes**

**Seek the sweet salvation**

**For what we've done**

**Give up resisting one by one**

**One by one**

**We're gonna love one another**

**We're gonna love one another**

**Give up resisting one by one**
